

## THE DAILY APPEAL.

TUESDAY..... OCTOBER 5, 1858.

Rain—We had a dry time here last week, but on Thursday night it rained heavily at Cincinnati and St. Louis.

**THURSDAY.**—For late papers we are indebted to the kindness of Ed. W. HALLIDAY, of the *Advertiser*, and of Jas. FETTY, of the *Daniel Boone*.

**THE WORKERS.**—We had a general meeting of the workers at the well-filled tables of the Worman House yesterday. The house was crowded, and with such variety and such variety for attractions, we do not wonder at it.

**COUNCIL.**—Council meets in regular session at 7 o'clock this evening. As most of the members are now in the city, a spirited and active meeting may be anticipated. The public are accommodated with seats, ice water, and gas-light.

**MEMPHIS COTTON.**—The following statement we find in one of our eastern exchanges: "Several invoices of cotton have arrived from Memphis, Tenn., via Buffalo, by river, canal and railroad. The entire cost of transportation is one cent per pound."

**PERSONAL.**—We had the pleasure yesterday of receiving a visit from Lieut. BRAKE, Dr. FLOYD, and —— WATKINS, Esq., who leave the city to-morrow evening on their way to Fort Smith, from whence they start with a force of two hundred men to make a road to California by way of Albuquerque.

**THEATRE.**—The Gaiety was last night crowded; the "beauties and fashionables" of the city were there, braving the cold with sparkling jewels and sparkling eyes. John Drew was received with a warm applause, which became enthusiastic before the close, and was mingled with the cheerful sound of many laughter. He appears again to-night in two of his choice pieces, as will be seen by reference to the advertising columns.

**DEBT LIGHTENED.**—The act of the City Council last night, in removing from the pay-memts of the city no less than thirty thousand dollars a year, for twenty-four years to come, will be a great relief to the groaning tax-payer. Whatever may be the respective value of the bonds, it was certainly hard work for our city to have to pay the money, and a half per cent. per month to pay the interest with.

**A DANIEL.**—On the lot on Main street between Jefferson and Adams, Mr. LOVELL will tomorrow exhibit the most enormous bear that was ever seen in Memphis, weighing 1,000 pounds. It will stand on the rocky Mountain, from whence it was taken to Australia, from Australia, Mr. LOVELL brought it here. The creature turns somersets and performs other tricks which his vast size render very difficult.

**PACIFIC FAIRIES.**—In order that our country friends may have reliable accounts of the fair, we have engaged a special arrangement with R. M. FARRA, Esq., general agent for county produce, whose business makes him well acquainted with the variations of the market, and who will correct the list under his name day by day. He undertakes to give every detail of the fair, and to give the excess of any of the items marketed over the market value of the city's bonds by said purchasers, and to indemnify and secure the city against all loss or damage resulting from any default or omission on the part of the buyers.

**JOHN JOE'S.**—The restaurant that "Our Joe" and everybody's Joe, has opened on Front Row, below Jefferson street, is a first class establishment. He has opened up where every thing is public, cooked in the most artistic style. He boldly declares that he can set a dinner for a Board of Aldermen, governors, and statesmen through them, though he is evidently booked for an extensive patronage.

**RAILROAD ACCIDENT.**—Yester evening about 8 P.M. the Friend of the Cheshire, eastbound, left from Hustonville, informing him that some Indian food had placed a fire upon the track, by which the train ran. It's way to this city was thrown off. The conductor and mail agent were hurt, but not dangerously. The passengers escaped serious injury, bruises and scratches being all they suffered. The train is better off than put together. The only damage done to the car was suffered by the baggage car and a second class car, which were somewhat injured.

**AN UNKNOWN MAN.**—Yester evening, the body of an unknown man was taken from the water below the wharf. Esq. EAST held an inquest for the present. The body was found to be that of a colored man, about 20 years old, and was buried at the New Orleans cemetery.
